Learn more about the DOOR TO DOOR process we can offer your company.

Our Services

Customs Clearance

Assistance with customs legislation, documentation and the interface with governmental agencies.

Preparation of customs dispatch of goods in the primary or secondary zone, nationalization or admission under special customs regimes and simplified dispatch for the liberation of import and export goods.

Our Services

Administration of all stages:

- Exports - from receipt of the request until closure and registration of the process.
- Imports - from placement of the shipping order up to the closure of the process and invoicing.
- Administration of inland transport, storage, warehousing, distribution and delivery on site at the final destination.

Main Steps – Import

- Monitoring of the arrival of goods;
- Tracking of shipment and arrival of the goods;
- Documental analysis;
- Elaboration of customs dispatch and its clearance;
- Contracting and monitoring of road transport to the final destination.

Main Steps – Export

- Monitoring and tracking of goods arrival at the boarding place;
- Elaboration of export customs dispatch and its clearance;
- Elaboration of customs transit procedure if necessary, or its conclusion in the primary zone;
- Elaboration of shipping documents;
- Monitoring of loading;
- Tracking of registration and issuance of proof of export.

Customs Transit

Elaboration of the Customs Transit Declaration.

Main steps

- Registration and tracking of the customs transit declaration;
- Monitoring of fiscal clearance, loading and sealing of the goods;
- Monitoring the arrival of goods in the secondary zone;
- Documental analysis;
- Registration of the customs transit nationalization order;
- Monitoring of clearance, loading and delivery of the nationalized goods.
